up to 10cm by 10cm*	£140
up to 20cm by 20cm*	£200

\*or equivalent area

Established in 1982, the Salisbury Laser Clinic is a Centre of Excellence for Skin Laser Treatments. Expert Medical and Nursing Staff deliver a wide range of laser treatments using state of the art equipment.

Before any laser treatment is delivered, patients need to have a consultation with a doctor or nurse. They will offer a test patch treatment if they think laser treatment could help. This may be at a further appointment. After the test patch, we will be able to advise how long a full treatment should take and estimate how much it would cost. Sometimes only one or two laser treatments are necessary. Other times more will be needed.

Please contact us to make an appointment or if you have any questions.

The charges are established by Odstock Private Care Ltd who through its contract with Salisbury NHS Foundation Trust provides private care and treatments on the Salisbury District Hospital site. All income generated is used to benefit patients at Salisbury District Hospital.

Odstock Private Care Ltd is a Company Limited by Guarantee. Registered in England and Wales under number 5882092.
